

WELCOME TO THE EXPORTER'S QUESTIONNAIRE FOR A GENERAL SAFEGUARD MEASURES INVESTIGATION

This questionnaire will help you respond to the allegations made by a Philippine industry that the increased importation of your product(s) - the subject article(s) of this protest causes or threatens to cause serious injury to their operations. Based on the application filed by the affected Philippine producers a general safeguard measures investigation was initiated by the Department of Trade and Industry (DTI) through its Bureau of Import Services (BIS). The Department will now conduct a preliminary determination to evaluate whether increased importations of the product(s) under consideration causes or threatens to cause serious injury to the Philippine industry producing like and/or directly competitive product(s).

The Department in the conduct of its preliminary determination is guided by the provisions of RA 8800 - The Safeguard Measures Act and its Implementing Rules and Regulations. The concerned foreign producers and/or exporters are requested to respond to this questionnaire and return it to the Department within five (5) working days from the date of its transmittal to the respondent or to the appropriate diplomatic or official representative of the exporting country in the Philippines. There is a statutory time limit imposed for the inquiry and the Department may not be able to give full consideration to submissions received after this period.

Part of this Questionnaire requests you to provide comments on market trends and the applicant(s) claim of injury. This provides you with the opportunity to provide information on factors that affect the industry in which you operate and refute claims of injury made by the applicant(s). The information you provide will give the Department a broader understanding of the various relevant factors affecting the Philippine market and the Philippine industry producing the like or directly competitive product(s).

You are strongly recommended to respond to the questions asked. The absence of responses to individual questions or lack of a response to the questionnaire will cause the Department to use the best information available, which may be the information provided in the original complaint which triggered the investigation. A copy of the DTI initiation report is enclosed,

**IT IS TO YOUR INTEREST TO COMPLETE THE QUESTIONNAIRE
