Department of Trade and Industry

RE: Special Service Campaign for Second Steering Shaft Bolt of Isuzu D-MAX and Isuzu mu-X

Dear USEC. ATTY. CASTELLO,

In the interest of continued satisfaction of our valued customers with our services and products, we would like to inform you that Isuzu Philippines Corporation (IPC) will conduct a Special Service Campaign for Isuzu mu-X and Isuzu D-MAX sold in the Philippines.

The Special Service Campaign covers the following:

SERVICE CAMPAIGN	MODEL	PRODUCTION PERIOD	NO. OF RECORDED UNITS
Re-tightening of Lower Second Steering Shaft Bolt	mu-X	2020 - OCTOBER 2022	1,579
	D-MAX		694
			<b>2,273</b>

The lower second steering shaft bolt of these vehicles may have been tightened below the specified torque value. Given the road conditions in the Philippines, it may possibly loosen over time. With this, IPC has taken the initiative of implementing this service campaign activity to inspect and re-tighten to meet the required torque value as a precautionary measure.

Customer will be requested to allow IPC authorized dealers to check their vehicle for less than two (2) hrs of inspection, necessary correction and quality testing on this activity. This inspection and repair will be **free of charge**.

Kindly note that not all Isuzu mu-X and Isuzu D-MAX are affected by this service campaign. We will issue a notification letter to the concerned vehicle owners through registered mail for their information. Likewise, this service campaign will be announced nationwide. Enclosed, for your reference, are sample copies of the: (1) Letter Addressed to Owners; (2) Layout of the Print Ad; (3) Website Announcement; and (4) VIN list of possible affected vehicles.

We thank you for your support on the matter.

Sincerely,

  
**ERNESTO COROCOTO**

Technical Service Section Head  
Service & Fleet Support Department  
Aftersales Division  
Isuzu Philippines Corporation

**NOTIFICATION LETTER TO THE CUSTOMER**

<Date>

<Customer Name>

<Address Line 1>

<Address Line 2>

<Zip Code>

Dear <Customer>,

As part of our continued efforts to ensure that you get the best quality, value, safety, and reliability from our products, we have initiated this Special Service Campaign for the Second Steering Shaft Bolt of certain Isuzu D-MAX and Isuzu mu-X models.

This notice is sent to you because your Isuzu <Unit Model>, with Vehicle Identification Number (VIN) <VIN> is included in this service campaign.

<b>What is the purpose of this notice:</b>	There is a possibility that the involved vehicles’ lower second steering shaft bolt may have been tightened below the specified torque value. Given the road conditions in the Philippines, it may possibly loosen over time. With this, IPC has taken the initiative of implementing this service campaign activity to inspect and re-tighten to meet the required torque value as a precautionary measure.
<b>What the dealership will do:</b>	To assure your continued satisfaction and confidence in Isuzu products and services, we will conduct the corrective action by re-tightening the lower second steering shaft bolt to the specified torque value if found to be necessary during the inspection.
<b>What you should do:</b>	We recommend that you contact the nearest Isuzu authorized dealer in setting your service appointment. Please present this Owner Notification Letter on the day of your visit to the dealer.  Estimated time of inspection and rectification will only take approximately less than two hours to perform. However, additional time may be necessary depending on the dealer work schedule.
<b>What you should do if you no longer own the Isuzu vehicle:</b>	Our records show that you are the current owner of an Isuzu <Unit Model> that is included in this service campaign. If you no longer own the vehicle, kindly inform us through the contact information below for us to update our mailing list.

We have enclosed a list of Isuzu authorized dealers with their addresses and other contact information for your reference. In addition, you may visit our website, [www.isuzuphil.com](http://www.isuzuphil.com) or refer to your warranty booklet for maps of Isuzu authorized dealer locations.

For further inquiries, please contact us through:

**Isuzu Philippines Corporation**  
**Customer Relations Section**  
**114, Technology Ave., Laguna Technopark, Phase II, Binan, Laguna 4024**  
**Website:** [www.isuzuphil.com](http://www.isuzuphil.com)  
**Email Address:** [customer-relations@isuzuphil.com](mailto:customer-relations@isuzuphil.com)

We sincerely apologize for any inconvenience which this preventive action may cause you. Thank you for your cooperation and understanding.

## ISUZU WEBSITE ANNOUNCEMENT

### SECOND STEERING SHAFT BOLT

May 08, 2023

Isuzu Philippines Corporation (IPC) would like to inform the public of a Special Service Campaign for Isuzu mu-X and Isuzu D-MAX vehicles.

Below is the coverage of the service campaign:

SERVICE CAMPAIGN	VEHICLE MODEL	NO. OF RECORDED UNITS	PRODUCTION PERIOD
Re-tightening of Lower Second Steering Shaft Bolt	mu-X	1,579	2020 - October 2022
	D-MAX	694	

The lower second steering shaft bolt of these vehicles may have been tightened below the specified torque value. Given the road conditions in the Philippines, it may possibly loosen over time. With this, IPC has taken the initiative of implementing this service campaign activity to inspect and re-tighten to meet the required torque value as a precautionary measure.

All involved vehicles should be brought to the nearest Isuzu authorized dealer for proper inspection and corrective action.

Customers with vehicles included in the Special Service Campaign will be sent an Owner Notification Letter with instructions. If you do not receive any notification but would like to confirm if your vehicle is included in the Special Service Campaign, you may refer to this link, [Second Steering Shaft Bolt](#).

## LAYOUT OF PRINT AD

### ANNOUNCEMENT

Isuzu Philippines Corporation (IPC) would like to inform the public of a Special Service Campaign for Isuzu mu-X and Isuzu D-MAX vehicles.

Below is the coverage of the service campaign:

SERVICE CAMPAIGN	VEHICLE MODEL	NO. OF RECORDED UNITS	PRODUCTION PERIOD
Re-tightening of Lower Second Steering Shaft Bolt	mu-X	1,579	2020 - October 2022
	D-MAX	694	

The lower second steering shaft bolt of these vehicles may have been tightened below the specified torque value. Given the road conditions in the Philippines, it may possibly loosen over time. With this, IPC has taken the initiative of implementing this service campaign activity to inspect and re-tighten to meet the required torque value as a precautionary measure.

Customers with affected vehicles will receive an Owner Notification Letter with service campaign instructions. If the owners will not receive any notification but would like to confirm if their vehicle is included in the Special Service Campaign, they may visit the Service Announcement webpage at our website [www.isuzuphil.com](http://www.isuzuphil.com).
