Technical Specifications

Item	Specification	Statement of Compliance
1	<p>I. Background</p> <p>Part of the Bureau of Philippine Standards' (BPS) mandate, as provided in the Consumer Act of the Philippines, is to protect consumers against hazards to health and safety as well as to assure the public of the consistency of standardized products in the market. To carry out this duty, the Bureau provides for the standardization and certification of products, both locally manufactured and imported, giving the consumers access to quality and safe products conforming to relevant Philippine National Standards (PNS).</p> <p>Currently, the BPS implements two (2) Mandatory Product Certification Schemes: the Philippine Standard (PS) Quality and/or Safety Certification Mark Licensing Scheme and the Import Commodity Clearance (ICC) Certification Scheme. Products covered by the mandatory certification, whether locally manufactured or imported, are not allowed to be distributed in the Philippine market without the necessary PS or ICC marks.</p> <p>To strengthen the technical capabilities of the BPS Product Certification Officers and DTI Regional/Provincial Offices' (ROs/POs) Standards Officers involved in the implementation of standards, technical regulations, and conformity assessment procedures (STRACAP), the BPS has programmed several capacity building activities/trainings this year including the ISO 9001:2015 Lead Auditors Training.</p> <p>The abovementioned training is essential since BPS and DTI ROs/POs conduct quality system audits at the PS applicant/licensee's plant to check whether the company is capable of managing effectively its quality system for the manufacture and delivery of its products based on the requirements of the latest version of PNS ISO 9001. Moreover, this training will increase the pool of qualified system auditors from BPS and DTI ROs/POs, thereby supporting the objective of 100% annual surveillance audits of the nearly 1,600 active local and foreign PS Licenses.</p> <p>II. Objectives</p> <p>At the end of the training program, participants should be able to:</p> <ul style="list-style-type: none"> • Understand and explain the purposes and business benefits of a quality management system (QMS), QMS standards, management system audits, and third-party certification; • Interpret the requirements of ISO 9001:2015 and explain the 	<p><i>[Bidders must state here either "Comply" or "Not Comply" against each of the individual parameters of each Specification stating the corresponding performance parameter of the equipment offered.
