EXPORT AUTHORIZATION APPLICATION FOR ITEMS UNDER NSGL ANNEX 1 (MILITARY GOODS)

Pursuant to Department Administrative Order 19-07 or the Guidance on the Implementation of the Strategic Trade Management Act (STMA), the Strategic Trade Management Office (STMO) has been accepting authorization applications for the export of items listed in the National Strategic Goods List Annex 2 (dual-use goods).

Currently, the STMO also processes authorization applications to export military goods under NSGL Annex 1 as requested by the industry or the relevant authority in the country of destination.

The export authorization application processes, forms, and requirements for military goods are the same as dual-use goods. STMO Memorandum Circular (MC) No. 20-16 or the *Guidelines on Export Authorization*, guides the industry on how to comply with the export authorization application. This MC may be accessed through this link: t.ly/EEdb.

The processing of export authorization applications shall not delay any ongoing cross-border trade of strategic goods identified in the National Strategic Goods List.

The mandatory export authorization for NSGL Annex 1 items shall be required starting 01 January 2023.
